In Submitting herewith
revised lists of the Nanjeng-
ode Taluk, as directed in the
above, has the honor to sub-
mit that the variation be-
tween the area and assess-
ment of lands entitled for
remission during 1884-88 &
1888-89, was owing to the
excess of "K-K P" with 6-10-4
found in remeasuring the
area of Case No. 1, of 1884-88,
on a Complaint, and the varia-
tion between the figures of
1888-89 & 1889-90, was owing
to the inclusion of 0-12-6 $\frac{1}{2}$
with assessment No. 5-7-1, in
Case No. 32, of 1889-90, in
